Vienna, Auguſt 24. *N. S.*

IT is ſaid their Imperial Majeſties will remove ſoon to Ebersdorff, to avoid the Contagious Diſtemper which continues ſtill in this City. The Envoy of Poland is often in Conference with our Miniſters, and frequent Diſpatches paſs between him and his Court. It is thought theſe Conferences relate as well to the Deſigns of the Turks againſt Poland, as to the Congreſs that is to be formed at Brunſwick, to eſtabliſh the Repoſe of the Circle of Lower-Saxony. Letters from Adrianople bring an Account, that the Turks continue to make great Preparations for War, and it is thought they will either attempt to reſtore King Staniſlaus to the Crown of Poland, or at leaſt endeavour to procure ſome Advantages from King Auguſtus, to make them deſiſt from their Deſign. The ſame Advices add, that the King of Sweden was dangerouſly Sick of a Fever.

Berlin, September 9. *N. S.* Yeſterday the Queen went to meet the King at Weyſterhauſen, where his Majeſty intends to Celebrate the Anniverſary of the Battle of Malplaquet, at which he was preſent in Perſon. Count Flemming returned hither from Pomerania on the 3d, and on the 7th he ſet out for Poland. We have received Advice, that Fifteen hundred of the Garriſon of Stetin ſallied out of the Town a few Days ago, nailed up two Pieces of the Beſiegers Cannon, and killed two Officers and One hundred Men, after which they retired with the Loſs of about Twenty Men. The Trenches were not then opened before that Place.

Hamburgh, September 12. *N. S.* The Daniſh Miniſter reſiding here, has declared to all the other Miniſters, by Order of the King his Maſter, that his Majeſty had been inform'd of a falſe Report that was ſpread, as if he had a deſign to make an Attempt upon this City, which was only a Calumny invented by his Enemies to raiſe a Jealouſie in the neighbouring Princes, and that to remove all Suſpicion, he had ſent Orders to General Scholten to withdraw his Forces from our Territories. It is ſaid the Emperor has agreed with the King of Denmark for a Body of Eight thouſand Men to ſerve againſt France. The Barons Goertz and Mardefeldt are gone towards Gottorp, where its thought they are now arriv'd, and in a few Days we expect to hear of the Iſſue of their Negotiations. Monſieur Baſſewitz, Miniſter of Holſtein, is return'd from Stetin to Berlin. The moſt important Points he had to treat with Prince Menzikoff were, the ſubjects of putting a Garriſon of the Troops of ſome Neutral Prince into Tonningen, and the evacuation of Holſtein: To which the Prince anſwer'd him plainly, That his laſt Inſtructions, relating to the Affairs, were very different from what he had formerly, and that the Duke of Holſtein would do well to accommodate Matters amicably with the King of Denmark. The Muſcovites have made themſelves Maſters of Malchin, a Town in Pomerania, and ſent out the Garriſon, conſiſting of ſome Troops of Militia. General Buck is gone to the Court of Mecklenburg with One thouſand Dragoons to demand Roſtock, Butzow, or Guſtrow of the Duke, for a Place of Arms for the Muſcovite Magazines. From whence it is thought that Nation has a deſign to Winter in Mecklenburg, Pomerania not being ſufficient to ſubſiſt them. They write from Warſaw, that King Auguſtus had received Letters from his Ambaſſador at Adrianople, with an account, that the Port had yet return'd no Anſwer to the laſt Propoſals he had made them; no Day had been fix'd on for his Audience, tho' he was treated with great Civility. The Grand Signior perſiſted in his Deſign of Fortifying Cotchin, which is ſaid to be contrary to the Treaty concluded with the Republick. The King of Sweden continued ill of a Fever, and had refus'd both the Advice of the Phyſician, and the Medicines the Grand Signior had ſent him.

Windſor, Auguſt 9. Her Majeſty has been pleaſed to appoint the Right Hon. the Earl of Marr, to be Third Principal Secretary of State for Great Britain.

Her Majeſty has likewiſe been pleaſed to appoint the Right Hon. the Earl of Finlater and Seafield, to be Lord Chancellor of Scotland.
